vs BABS (16) > unReal (14)

On a side note, unReal disputed Atom after this match. I beleave this dispute got thrown out the window because unReal is DEAD now. :) But I guess when the only legit good player on the team leaves, and every other team knows you cheat, I'd quit too. Great Match, Way to end a great Season! Can't wait for playoffs. CAL-M Here we come!
